Dear The Federal Communications Commission,

I ask you to support the "Fair Share Plan" as a solution to current concerns with the Universal Service Fund (USF). The Fair Share Plan will keep the USF fair, ensuring that consumers like me do not pay the same rate into the USF as big businesses. I use long distance very little.

Under the flat fee plan being considered, people like me who make almost no long distance calls would pay the same as people or businesses that make many calls. I believe it would be unfair to charge low-volume and residential customers the same fees as high-volume residential or business customers.

I ask you to adopt the Fair Share Plan. Thank you, and congratulations on your appointment to Chair the FCC.
